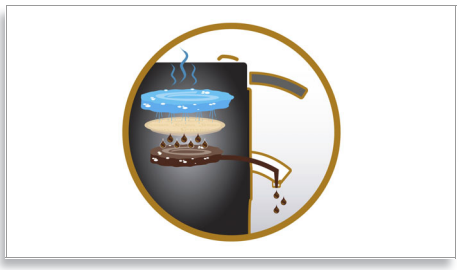
Highlights

Unique brewing system



Unique SENSEO® coffee brewing system from Philips and Maison du Café. Every cup is freshly brewed and prepared with the ultimate balance between coffee and water - a guarantee for a smooth full taste and delicious aroma.

Delicious coffee foam layer

The fine Maison du Café SENSEO® coffee selection and the unique SENSEO® brewing system make sure that your perfect cup of coffee always comes with a rich and delicious coffee foam layer - proof of premium taste and high quality.

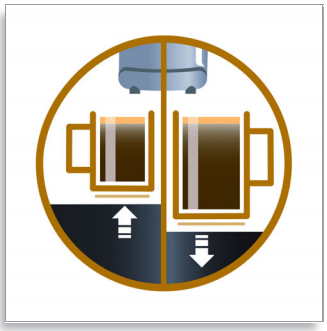
Large coffee pod variety

With more than 250 years of experience, Maison du Café knows exactly how to roast and grind carefully selected coffee beans for the best taste. Therefore Maison du Café SENSEO® coffee pod varieties represent the finest coffee selection as a guarantee for premium taste. The different blends and flavours ensure a wide range of choice for different moments and tastes.

Extra large water reservoir

The removable extra-large water reservoir has the capacity to accommodate 8 cups of coffee and therefore minimises coffee preparation time.

Adjustable drip tray



By raising or lowering the adjustable drip tray you can adjust your SENSEO® coffee machine to the size of your favourite cup or mug
